NEXT STEPS

Based on Malik's history and presentation, **what assessments would you perform?**

What results would you expect to find?

What would be **your proposed treatment plan** to address Malik's symptoms?

Discover how MIEBO could provide patients like Malik with **relief from the signs and symptoms** of dry eye disease.

Learn more at [MIEBO-ECP.COM](https://www.miebo-ecp.com).

IMPORTANT SAFETY INFORMATION (CONTINUED)

- Instruct patients to instill one drop of MIEBO into each eye four times daily
- The safety and efficacy in pediatric patients below the age of 18 have not been established
- The most common ocular adverse reaction was blurred vision (1% to 3% of patients reported blurred vision and conjunctival redness)

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

Please see additional Important Safety Information on previous page.
